6th Grade Term Project: The Elements of Art Presentation

This is an in-class and take home Term Project that will count as 20% of your final grade. We will start the project together in class as we learn about the Elements of Art and students will continue work at home.

When the project is handed in, you must have graded it using the rubric.

Due Date:____________________________

**Assignment:**

Create a Google presentation about the Elements of Art, using the information learned throughout the quarter.

**Materials provided:**

The Elements Word-Web Handout that we have been working on in class with all the vocabulary!

References:

- Use your Elements of Art Word Web Handout!
- Additional references for the Elements of Art are on the Internet on the class website.

There are definitions for each element to guide you to find an art-work example for each.

**Requirements:**

Your presentation must include the following:

1. Slide 1 – **Introduce your presentation.** Include your name and period you have art.

2. Other slides –

   - There should be at least 7 slides in your presentation, one for each Element of Art.

   **Each slide should include:**
• The definition(s) of the Element

• A reproduction of a master work of art that demonstrates the element

• The title of the artwork, artist’s name, date created, medium

• A short description of how the Element was used by the artist in that artwork.

Elements of Art:

• Line

• Shape

• Color

• Value

• Form

• Texture

• Space
